The Modular Manager – some candidates evaluate the programme.

- *"Really enjoyed the whole experience, was a good opportunity to implement change both personally & within the workplace."*
- *"It was good, engaging and I learnt a lot so I wouldn't change anything about the course. The three days were set out in a good order as well. Plus, with the month between the dates it gave time to put into practise all the areas covered and enough time to see results."*

THE PRAXIS FRAMEWORK

Organisations are going through rapid change and to meet with that change colleagues are sent on a project management course followed by attendance on a programme management course. Frameworks use different terms for the same things or, conversely, use the same terms to mean different things.

Why do we recommend organisations to train their staff on the Praxis Framework?

Our lead training associate has over 25 years' experience in delivering a diverse range of programmes, projects and change management and has provided Praxis Framework to all company types in the UK and abroad.

Feedback from this is excellent.

What is Praxis?

Praxis was launched in 2018 by APMG International (who accredited and supported the launch of PRINCE2 and Managing Successful Programmes (MSP) for nearly 15 years.

A key concept of Praxis is that dividing lines between projects, programmes and portfolio are blurred. Some ventures will exhibit characteristics of all three. The underlying principle is that the terms project management and portfolio qualification should suffice for both. In summary, instead of doing two or three separate Project & Programme Management qualifications colleagues only need to attend once course.

Unlike other qualifications Praxis Frameworks also covers: INTERPERSONAL SKILLS needed to manage CHANGE INITIATIVES, LEADERSHIP,NEGOTIATION, INFLUENCING, TEAMBUILDING, CONFLICT MANAGEMENT and COMMUNICATION SKILLS.

Praxis certification lasts for 5 years.

If you would like to discuss how we can work with your TEAM or would like to receive further details of the Praxis Certifications, then call us on t: 01604 495252 or email training@jcstraining.com
